

## The Size of the Cake

How much cake is enough? To best determine the amount or how many "Tiers" of cake follow the guide below. If you don't need a lot of cake, but would like a 3 or 4 tier cake, ask about our "Dummy Cakes" to add extra height and size without the extra slices.

### Round Cake

4" = 8 servings  
6" = 12 servings  
8" = 24 servings  
10" = 38 servings  
12" = 56 servings  
14" = 78 servings  
16" = 100 servings

### Square Cake

6" = 18 servings  
8" = 32 servings  
10" = 50 servings  
12" = 72 servings  
14" = 98 servings  
16" = 128 servings

## *Your Wedding Cake*

The perfect wedding cake to go with your perfect wedding. This can be a very difficult task to some, but we are dedicated to ease that struggle and help guide you to that perfect cake. Already have a cake picked out? Great, we can do any design. Even if you have no clue, our designer will help guide you through the process and make sure it's not only perfect, but memorable.

## *Personal Taste*

A Naked Cake? Buttercream? Fondant? A little of everything? Having a wedding in the Florida Keys overlooking the sunset is breathtaking. But there are a few things to consider when having an outdoor wedding. The heat, humidity and Cakes do not work well together. Make sure to discuss your cake location with the cake designer or wedding planner to ensure that this very important detail is not missed.

## *Taste for yourself*

Our cakes taste as good as they look.

Sample one or many flavors. Cake tasting of up to 6 flavors.

Please reserve your tasting at least 2 weeks in advance.
